ASIA PACIFIC UNIVERSITY OF TECHNOLOGY & INNOVATION - APU

Course Schedule APTDF1604DSM

2016: March 28 – December 25; 2017: January 2 – May 28

Course	Mar 28	4	11	18	25	2	9	16	23	30	6	13	20	27	4	11	18	25	1	8	15	22	29	5	12	19	26	3	10	17	24	31	7	14	21	28	5	12	19	26	2	9	16	23	30	6	13	20	27	6	13	20	27	3	10	17	24	1	8	15	22	29
Orientation																																																																	
Bahasa Melayu Komunikasi 1 (FS)																																																																	
Design Team Project (L)																																																																	
Design Team Project (LAB)																																																																	
Design Team Project (T)																																																																	
English For Academic Purposes (L)																																																																	
English For Academic Purposes (T)																																																																	
Imaging Production Skills For Design (L)																																																																	
Imaging Production Skills For Design (LAB)																																																																	
Imaging Production Skills For Design (T)																																																																	
Malayisan Studies 2 (LS)																																																																	
Practical IT Skills (L)																																																																	
Practical IT Skills (LAB)																																																																	
Course Overview Briefing																																																																	
Exam Briefing																																																																	
Exam Docket																																																																	
Design Theory And Practice 1 (L)																																																																	
Design Theory And Practice 1 (LAB)																																																																	
Design Theory And Practice 1 (T)																																																																	
Idea Generation And Problem Solving For Design (L)																																																																	
Idea Generation And Problem Solving For Design (LAB)																																																																	
Idea Generation And Problem Solving For Design (T)																																																																	
Major Project 1 (L)																																																																	
Major Project 1 (LAB)																																																																	
Major Project 1 (T)																																																																	
Professional Communications (L)																																																																	
Professional Communications (L)																																																																	
Animation Fundamentals 1 (LAB)																																																																	
Animation Fundamentals 1 (T)																																																																	
Animation Fundamentals 1 (L)																																																																	
Animation Fundamentals 2 (LAB)																																																																	
Animation Fundamentals 2 (T)																																																																	
Animation Fundamentals 2 (L)																																																																	
Design Theory And Practice 2 (L)																																																																	
Design Theory And Practice 2 (LAB)																																																																	
Design Theory And Practice 2 (T)																																																																	
Major Project 2 (L)																																																																	
Major Project 2 (LAB)																																																																	
Major Project 2 (T)																																																																	

Report Generation Date- 3/30/2016
