ASIA PACIFIC UNIVERSITY OF TECHNOLOGY & INNOVATION - APU

Course Schedule UCDF1704ICT(SE)	May				June				July					August				September				October					November				December				
2018	7	14	21	28	4	11	18	25	2	9	16	23	30	6	13	20	27	3	10	17	24	1	8	15	22	29	5	12	19	26	3	10	17	24	31
Introduction To Software Engineering (L)																					B	B	E	E											
Introduction To Software Engineering (T)																					B	B													
Numerical Methods (L)																					B	B	E	E											
Numerical Methods (T)																					B	B													
Operating Systems (L)																					B	B	E	E											
Operating Systems (LAB)																					B	B													
System Analysis & Design (L)																					B	B	E	E											
System Analysis & Design (T)																					B	B													
Web Development (L)																					B	B	E	E											
Web Development (Lab)																					B	B													
Exam Docket																																			
Digital Security And Forensic (L)																																			
Digital Security And Forensic (T)																																			
Introduction To Artificial Intelligent (L)																																			
Introduction To Artificial Intelligent (T)																																			
Java Programming (L)																																			
Java Programming (LAB)																																			
Java Programming (T)																																			
Networks & Networking (L)																																			
Networks And Networking (Lab)																																			
Software Development Project (L)																																			
Software Development Project (T)																																			
Class Rap Meetings																																			

Course Schedule UCDF1704ICT(SE)	January				February				March				April					May				June				July					August				September					October			
2019	7	14	21	28	4	11	18	25	4	11	18	25	1	8	15	22	29	6	13	20	27	3	10	17	24	1	8	15	22	29	5	12	19	26	2	9	16	23	30	7	14	21	28
Introduction To Software Engineering (L)																																											
Introduction To Software Engineering (T)																																											
Numerical Methods (L)																																											
Numerical Methods (T)																																											
Operating Systems (L)																																											
Operating Systems (LAB)																																											
System Analysis & Design (L)																																											
System Analysis & Design (T)																																											
Web Development (L)																																											
Web Development (Lab)																																											
Exam Docket																																											
Digital Security And Forensic (L)								B	B	E	E																																
Digital Security And Forensic (T)								B	B																																		
Introduction To Artificial Intelligent (L)								B	B	E	E																																
Introduction To Artificial Intelligent (T)								B	B																																		
Java Programming (L)								B	B	E	E																																
Java Programming (LAB)								B	B																																		
Java Programming (T)								B	B																																		
Networks & Networking (L)								B	B	E	E																																
Networks And Networking (Lab)								B	B																																		
Software Development Project (L)								B	B	E	E																																
Software Development Project (T)								B	B																																		
Class Rap Meetings																																											

Report Generation Date- 4/11/2017
*The schedule may be subject to revision
E-Exam, B-Buffer Week
