Course Schedule UC2F1611CS(DA)

ASIA PACIFIC UNIVERSITY OF TECHNOLOGY & INNOVATION - APU

BSc. (Hons) in Computer Science Specialism In Data Analytics

2017

	December					January					February				March					April				May					June					July					August					September					October					November				December			
	28	5	12	19	26	2	9	16	23	30	6	13	20	27	6	13	20	27	3	10	17	24	1	8	15	22	29	5	12	19	26	3	10	17	24	31	7	14	21	28	4	11	18	25	2	9	16	23	30	6	13	20	27	4	11	18	25
Orientation																																																													
Introduction to Data Analytics (L)																				B	E	E																																						
Introduction to Data Analytics (T)																				B																																								
Computing Theory (L)																				B	E	E																																						
Computing Theory (LAB)																				B																																								
Probability & Statistical Modelling (L)																				B	E	E																																						
Probability & Statistical Modelling (L)																				B																																								
Object Oriented Development with Java (L)																				B	E	E																																						
Object Oriented Development with Java (LAB)																				B																																								
Object Oriented Development with Java (T)																				B																																								
Professional Enterprise Development (L)																				B	E	E																																						
Professional Enterprise Development (T)																				B																																								
System & Network Admninistration (L)																				B	E	E																																						
System & Network Admninistration (T)																				B																																								
System Development Methods(L)																				B	E	E																																						
System Development Methods(T)																				B																																								
Bank Draft																																																													
Exam Briefing																																																													
Exam Docket																																																													
Co-Curriculum																																																													
Behavioural Science and Marketing (L)																																																													

Behavioural Science and Marketing (T	B		
Computer System Low Level Techniques (L	B	E	E
Computer System Low Level Techniques (LAB	B		
Creativity & Innovation (L)	B	E	E
Creativity & Innovation (T)	B		
Concurrent Programming (L)	B	E	E
Concurrent Programming (LAB)	B		
Data Structure (L)	B	E	E
Data Structure (LAB)	B		
Research Methods for Computing and Technology (L	B	E	E
Research Methods for Computing and Technology (T	B		
Data Mining and Predictive Modelling (L)	B	E	E
Data Mining and Predictive Modelling (LAB	B		
Progression Briefing			
Internship Programme			
Report Generation Date- 29/11/2016			
*The schedule may be subject to revision			
E-Exam, B-Buffer Week
