Course Schedule UC2F1611SE

ASIA PACIFIC UNIVERSITY OF TECHNOLOGY & INNOVATION - APU

BSc. (Hons) in Software Engineering

2017

	December				January				February				March				April				May					June				July					August				September				October					November				December			
	28	5	12	19	26	2	9	16	23	30	6	13	20	27	6	13	20	27	3	10	17	24	1	8	15	22	29	5	12	19	26	3	10	17	24	31	7	14	21	28	4	11	18	25	2	9	16	23	30	6	13	20	27	4	11	18	25
Orientation																																																									
Computing Theory (L)																				B	E	E																																			
Computing Theory (T)																				B																																					
Enterprise Systems (L)																				B	E	E																																			
Enterprise Systems (T)																				B																																					
Object Oriented Development with Java (L)																				B	E	E																																			
Object Oriented Development with Java (LAB)																				B																																					
Object Oriented Development with Java (T)																				B																																					
Professional Enterprise Development (L)																				B	E	E																																			
Professional Enterprise Development (T)																				B																																					
System Development Methods(L)																				B	E	E																																			
System Development Methods(T)																				B																																					
Requirement Engineering (L)																				B	E	E																																			
Requirement Engineering (T)																				B																																					
Bank Draft																																																									
Exam Briefing																																																									
Exam Docket																																																									
Co-Curriculum																																																									
Concurrent Programming (L)																																									B	E	E															
Concurrent Programming (LAB)																																									B																
Design Methods (L)																																									B	E	E
