Course Schedule	Asia Pacific University of Technology & Innovation - APU
UC3F1701CS - TPM	BSc (Hons) in Computer Science

	2016	2017																																																								
	Dec	January					February				March				April				May					June				July					August				September				October					November				December				January				
	26	2	9	16	23	30	6	13	20	27	6	13	20	27	3	10	17	24	1	8	15	22	29	5	12	19	26	3	10	17	24	31	7	14	21	28	4	11	18	25	2	9	16	23	30	6	13	20	27	4	11	18	25	1	8	15	22	29
Orientation																																																										
Bank Draft																																																										
3d Computer Graphics (L)																				B	E	E																																				
3d Computer Graphics (LAB)																				B																																						
3d Computer Graphics (T)																				B																																						
Advance Programming Language Concepts (L)																				B	E	E																																				
Advance Programming Language Concepts (T)																				B																																						
Advanced Wireless Technology (L)																				B	E	E																																				
Advanced Wireless Technology (T)																				B																																						
Algorithmics (L)																				B	E	E																																				
Algorithmics (T)																				B																																						
Computer System Security (L)																				B	E	E																																				
Computer System Security (T)																				B																																						
Distributed Computer Systems (T)																				B																																						
Distributed Computer Systems (L)																				B	E	E																																				
Further Artificial Intelligence (L)																				B	E	E																																				
Further Artifitial Intelligence (T)																				B																																						
Internet Of Things Concepts & Applications (L)																				B	E	E																																				
Internet Of Things Concepts & Applications (Lab)																				B																																						
Investigations Information Technology (L)																				B	E	E																																				
Programming Techniques For Animation & Computer Games (LAB)																				B																																						

Programming Techniques For Animation And Computer Games (L)																			B	E	E																																					
Project Management (T)																			B																																							
Project Management (L)																			B	E	E																																					
Real Time Systems (L)																			B																																							
Real Time Systems (Lab)																			B																																							
Exam Docket																																																										
Designing & Developing Applications On Cloud																																						B																			
Designing & Developing Applications On Cloud(L)																																						B	E	E																	
Emergent Technology (L)																																						B	E	E																	
Emergent Technology (T)																																						B																			
Hci & Usability (T)																																						B	E	E																	
Hci And Usability (L)																																						B																			
Information Storage & Management(L)																																						B	E	E																	
Information Storage & Management(T)																																						B																			
Innovation Management & New Product Development (L)																																						B	E	E																	
Innovation Management And New Product Development (T)																																						B																			
Ubiquitous Computing (L)																																						B	E	E																	
Ubiquitous Computing (T)																																						B																			
Wireless And Mobile Security (L)																																						B	E	E																	
Wireless And Mobile Security (lab)																																						B																			
Project.																																																										
Progression Briefing																																																										
End Of Level Briefing																																																										
Report Generation Date- 12/22/2016																																																										

***The schedule may be subject to revision**
Legend:
R - Revision Week
E - Exam
