Course Schedule	Asia Pacific University of Technology & Innovation - APU																																																									
UC3F1701IT(ISS) - TPM	BSc. (Hons.) in Information Technology, with specialism in Information System Security																																																									
	2016	2017																																																							
	Dec	January					February				March				April				May					June				July					August				September				October					November				December				January				
	26	2	9	16	23	30	6	13	20	27	6	13	20	27	3	10	17	24	1	8	15	22	29	5	12	19	26	3	10	17	24	31	7	14	21	28	4	11	18	25	2	9	16	23	30	6	13	20	27	4	11	18	25	1	8	15	22	29
Orientation																																																										
Bank Draft																																																											
Computer System Management (L)																				B	E	E																																				
Computer System Management (T)																				B																																						
Enterprise Programming For Distributed Application (LAB)																				B																																						
Enterprise Programming For Distributed Application (L)																				B	E	E																																				
Investigations Information Technology (L)																				B	E	E																																				
Malicious Software And Security Programming (L)																				B	E	E																																				
Malicious Software And Security Programming (lab)																				B																																						
Penetration Testing (L)																				B	E	E																																				
Penetration Testing (lab)																				B																																						
Project Management (T)																				B																																						
Project Management (L)																				B	E	E																																				
Exam Docket																																																										
Database Security (L)																																							B	E	E																	
Database Security (Lab)																																							B																			
Designing & Developing Applications On Cloud																																							B																			
Designing & Developing Applications On Cloud(L)																																							B	E	E																	
Innovation Management & New Product Development (L)																																							B	E	E																	
Innovation Management And New Product Development (T)																																							B																			
Wireless And Mobile Security (L)																																							B	E	E																	
Wireless And Mobile Security (lab)																																							B																			

Project.

Progression Briefing

End Of Level Briefing

Report Generation Date- 12/22/2016
