<b>Orientation</b>																																																																												
<b>Computing and IT in the Workplace (T)</b>																																																																												
<b>Computing and IT in the Workplace (L)</b>																																																																												
<b>Ethnic Relations(LS)</b>																																																																												
<b>SUH</b>																																																																												
<b>Fundamentals Of Software Development (LAB)</b>																																																																												
<b>Fundamentals Of Software Development (L)</b>																																																																												
<b>Fundamentals Of Software Development (T)</b>																																																																												
<b>Introduction To Management (T)</b>																																																																												
<b>SHJ</b>																																																																												
<b>Introduction To Management (L)</b>																																																																												
<b>SHJ</b>																																																																												
<b>Malaysian Studies 3 (FS)</b>																																																																												
<b>RGA</b>																																																																												
<b>Mathematical Concept For Computing (t)</b>																																																																												
<b>Mathematical Concept For Computing(l)</b>																																																																												
<b>Operating Systems And Computer Architecture</b>																																																																												
<b>Operating Systems And Computer Architecture (l)</b>																																																																												
<b>Bank Draft</b>																																																																												
<b>Exam Briefing</b>																																																																												
<b>Exam Docket</b>																																																																												
<b>Bahasa Melayu Komunikasi 2(FS)</b>																																																																												
<b>Introduction To Artificial Intelligence (T)</b>																																																																												
<b>Introduction To Artificial Intelligence (L)</b>																																																																												
<b>Introduction To C Programming (LAB)</b>																																																																												
<b>Introduction To C Programming (L)</b>																																																																												
<b>Introduction To Database (l)</b>																																																																												
<b>Introduction To Database (lab)</b>																																																																												
<b>Introduction To Networking (l)</b>																																																																												
<b>Introduction To Networking (Lab)</b>																																																																												
<b>Introduction To Object Oriented Programming (l)</b>																																																																												
<b>Introduction To Object Oriented Programming (lab)</b>																																																																												
<b>Islamic Civilisation &amp; Asian Civilisation (LS)</b>																																																																												
<b>System Analysis &amp; Design (T)</b>																																																																												
<b>Systems Analysis &amp; Design (L)</b>																																																																												
<b>Progression Briefing</b>																																																																												
<b>19 - May - 2017</b>																																																																												
<b>* This schedule may be subject to revision</b>																																																																												
<b>Legend:</b>																																																																												
<b>R - Revision Week</b>																																																																												
<b>E - Exam</b>
