Orientation																																																							
Elements Of Reservoir Rock And Fluid Properties (L)																																																							
Elements Of Reservoir Rock And Fluid Properties (LT)																																																							
Engineering Mathematics 3 (L)																																																							
Engineering Mathematics 3 (T)																																																							
Fluid Mechanics (L)																																																							
Fluid Mechanics (T)																																																							
Introduction To Electrical Systems (I)																																																							
Introduction To Electrical Systems (lab T)																																																							
Strength Of Materials (L)																																																							
Strength Of Materials (T)																																																							
Exam Docket																																																							
Co Curriculum																																																							
Formation Evaluation & Well Logging (L)																																																							
Formation Evaluation & Well Logging (T)																																																							
Reservoir Engineering 1 (L)																																																							
Reservoir Engineering 1 (T)																																																							
Safety In Oil And Gas Engineering (L)																																																							
Safety In Oil And Gas Engineering (T)																																																							
Thermodynamics And Heat Transfer (L)																																																							
Thermodynamics And Heat Transfer (T)																																																							

04 - May - 2017
 * This schedule may be subject to revision
 Legend:
 R - Revision Week
 E - Exam
